Web Resources

Liberal Arts Career NetWORK

Thirty liberal arts colleges share this database that provides an extensive listing of internships specifically designed for liberal arts students. Students may use filters such as "Social/Human Services" when sorting by industry. Listings are continually updated.

Spotlight on Careers

A collection of career-specific web guides developed for the liberal arts student. There are many topics that would fit WIGS majors including: Advertising, Event Planning, Public Health, Social Activism, and Sciences. Links to jobs and internships as well as tips and strategies on job hunting are included within each site. Access to this site is limited to students in participating colleges only.

Career Search

An online directory provides fast Web access to over 5 million key contacts, including organizational descriptions, addresses, names, titles, and many e-mail addresses. Client Referral: Wooster 1866
