Housing Theme Preferences

In an effort to best meet student needs, we are having each student complete and submit the Preference Form along with all of their housing application forms. Residence Life understands that students may wish to apply to multiple housing options in the hopes of getting their top preference. Students will list below, in ranked order, their preferences. *If we are able to award a student their top preference, they will be removed from all other application processes.* If we are unable to award the student's top preference, we would move on to consider their 2nd preference. This process would continue until the student is housed or is invited to the General Room Selection Process. Please follow all instructions below and contact our office with any questions. **Rank your choices for theme and specialty housing that *YOU HAVE APPLIED OR ARE INTENDING TO APPLY FOR* by placing a number on the line next to the options. An application must accompany this form. One (1) is the highest number, indicating your first preference.**
