Survivor Support System

Are you the survivor of a sexual assault?
Do you know someone who has been assaulted?

If so, you are not alone.

SURVIVOR SUPPORT SYSTEM

The Survivor Support System offers trained individuals who can explain the survivor's options, who are available to help them and/or their friends begin to deal with the assault, and who can refer them to other resources. You may call anyone on the list and talk over the phone, or arrange a time and place to meet that is convenient and comfortable for you.

Sexual Assault Includes the Following Behaviors

- Unwanted intercourse in which the assailant uses force or the threat of force
- Giving alcohol or another drug to someone to impair his or her ability to make choices
- Unwanted oral or anal intercourse
- Sexual activity with someone who is unable to offer consent
- Sexual contact with someone who has resisted verbally or physically
- Sexual contact with someone who has taken alcohol or another drug which has impaired his or her judgment
