

## **Director's Summary Five Years Later, Class of 1997**

The desire to gain an extended view of Wooster alumni was the primary motivation for producing this survey and report. Five years beyond graduation is a pivotal point for alumni in regard to their employment and graduate school pursuits. This report gives us a clear picture of where the Class of 1997 has landed regarding their career endeavors.

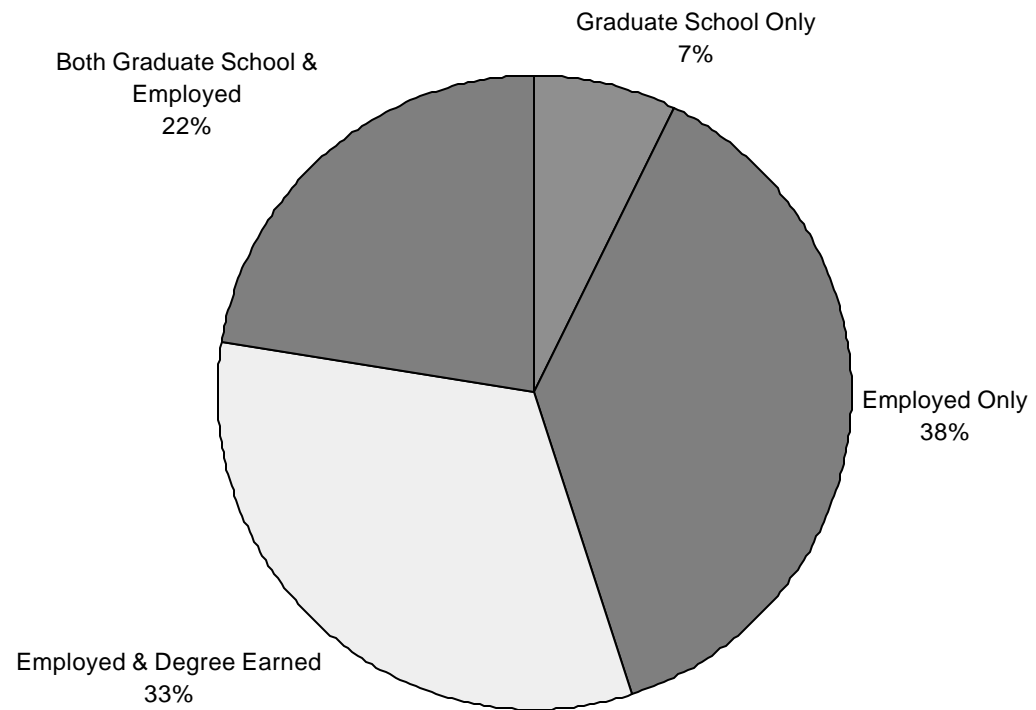

Data about the Class of 1997's current status, type of employment, salary ranges, and advanced degrees are covered within this report. Three mailings yielded a return rate of 40% for the Class of 1997.

With 64% of the respondents in the Class of 1997 employed full-time, the largest percentage of those employed are currently working in the fields of Education, Nonprofit/Human Services, and Health Care. Approximately 61% of the respondents in the Class of 1997 have earned (or are currently enrolled in) an advanced degree program with the largest percentage (39%) earning a Master of Arts Degree.

Lists of employment by major and type as well as graduate school information by degree sought are a large part of this report. For more specific information, please contact me at (330) 263-2496. Special reports may be made on request.
