

**Chemistry Senior Independent Study
Seminar Schedule Fall 2006**

Tuesdays and Thursdays
11:00-11:50 a.m.

Department of Chemistry

All events are in Severance 009 unless otherwise stated.

08/29	Tuesday	OPENING CONVOCAION McGaw
08/31	Thursday	Mandatory Safety Training
09/05	Tuesday	Mandatory Safety Training
09/07	Thursday	NO MEETING All faculty will be attending an assessment workshop from 11 a.m. - 1 p.m.
09/12	Tuesday	Organizational Meeting
09/19	Tuesday	FACULTY AT LARGE Dr. Kim Tritt (Theatre) <i>Pilates: Fact, Fusion and Fundamentals (location TBA)</i>
09/26	Tuesday	Department Seminar Dr. Sarah Schmidtke , Assistant Professor of Chemistry The College of Wooster <i>Chemistry in a Crowd: Spectroscopic and Theoretical Investigations of Condensed Phase Systems</i>
10/03	Tuesday	Student Seminars: Margaret Timmers, Chelsea Kirkendall, Eric Panzner
10/10	Tuesday	Student Seminars: Benjamin Williams, Brian Ondrusek, Sarah Schostarez
10/17	Tuesday	FALL BREAK
10/24	Tuesday	Student Seminars: Kathryn Wieferich, James Edusei, Bianca Edwards
10/31	Tuesday	FACULTY AT LARGE Dr. Denise Bostdorff (Communication) <i>Hang the Banner, Sound the Trumpet: George W. Bush, Epideictic Rhetoric, and the War in Iraq</i>
11/02	Thursday	Department Seminar Dr. M. Cather Simpson , Associate Professor of Chemistry Case Western Reserve University, Cleveland, OH
11/07	Tuesday	Student Seminars: Lindsey Easthon, Nikki Nguyen, Lwin Mon Thant
11/14	Tuesday	Student Seminars: Daniel Shai, Kirsten Jaegersen
11/16	Thursday	Department Seminar Dr. Lihong (Lilly) D'Angelo Natural Ingredients R&D, The Coca-Cola Company
Canceled - will be rescheduled.		
11/21	Tuesday	Student Seminars: Brandi Baughman, Richard Giles
11/23	Thursday	Thanksgiving Recess
11/28	Tuesday	FACULTY AT LARGE Dr. Dean Fraga (Biology) <i>Where Do Genes Come From? Developing model systems to explore how new gene functions evolve.</i>
12/05	Tuesday	Department Seminar Dr. Melissa Schultz , Assistant Professor of Chemistry The College of Wooster <i>Depression, Drugs, & Happy Fish: Determining the Environmental Fate and Transport of Antidepressant Pharmaceuticals by LC-ESI/MS/MS</i>
12/07	Thursday	Department Seminar Dr. David Gottfried Senior Research Scientist, Georgia Tech Research Institute <i>Sensing at the Speed of Light</i>
