

THE COLLEGE OF
WOOSTER

Department of Chemistry

UNATTENDED EXPERIMENT FORM

Post this notice in your lab (with your reaction, experiment, or equipment)
and on the outside door(s) of the lab.

Your Name _____ Phone Number(s) _____

Faculty Advisor _____ Phone Number(s) _____

Date and Time Started: _____
(Date) (Time)

Date and Time to be Finished: _____
(Date) (Time)

Lab Room Number _____ Hood Location or Number _____

Have you discussed this reaction with your advisor? Yes No

A. Write out or diagram the reaction scheme, including all reactants, solvents, expected products, etc.:

B. List the potential hazards (flammability, air or water sensitivity, toxicity, bio-hazard, etc.):

C. What are the consequences and/or hazards associated with an untimely loss of (if there aren't any write "NONE"):

Water

Heat

Electricity

Gas Flow

Other

D. If there are consequences above, give detailed instructions on how one might minimize or counteract them (if possible, otherwise write "NOT POSSIBLE").
