

College of Wooster Author Collection

“The library will add to its collection monographic works published by College of Wooster students, alumni, and faculty. We will acquire all such works (though not necessarily all available editions), and not be restricted by other specific selection criteria. Material will be placed in the circulating collection unless it falls within the guidelines of the Archives & Special Collections Policies. General policies for the purchase of duplicates will apply.”

Re-prints of articles or single issues of periodicals will not go into this collection – these can go to Archives.
