

**First Year Seminar** (Dr. Kille, Fall 2005)

**Assignment:** Play review for *Once On This Island*

\*Due Tuesday November 8

Assignment (Not for a separate paper grade, but the quality of preparation will factor into the class participation grade)

All students must attend the play *Once On This Island*, which will be at Freedlander Theater November 3-5. Students will review the play in relation to the identity themes established in the class. The review should be brief, no longer than 2 paragraphs, but carefully crafted. The first paragraph should provide a plot synopsis, in particular identifying key events that can be linked to class discussion. The second paragraph should contain your observations on how the play can be related to the class. Please come prepared to discuss your ideas with the rest of the class.
