

Peace issues for first week of discussion:

1. How would you define “peace”? Be sure to think about the differences between positive and negative peace.
2. How would you define “violence”?
3. When, if ever, is violence justified?
4. Is peace more, less, or about as likely today as in the past?
5. What are the most peaceful areas in the world right now? What are the least peaceful areas in the world right now?
6. How would you build a more peaceful world? Think about in relation to the list of peace tools covered in Alger and in the handout list of tools that we will be covering in this class.
