Exhibitions

Wesley Dierdorff was selected to have his artwork in a nationally recognized exhibition in California called High Desert Test Sites. The exhibition was curated by the artist Andrea Zittel and the critic and theorist Dave Hickey. The exhibition will begin on October 12th. The event is centered around Joshua Tree, CA, with artists are setting up their work in various locations in the Mojave Desert.

Marina Mangubi’s paintings and prints are included in the yearlong exhibition series on art and science at Wheaton College, Massachusetts. The exhibition, titled "The Observant Eye", is on view at Beard and Weil galleries through April 15, 2014.

Grants

Susan Lehman received a grant for $155,993 from the National Science Foundation titled, **Collaborative Research: Effect of Cohesion on Size and Statistics of Avalanches in Granular Systems**, in collaboration with Karin Dahmen at the University of Illinois at Urbana-Champaign.

Sharon Lynn received a National Science Foundation Research Opportunity Award of $27,657, for collaboration with G. Bentley on a research program titles, *Acute Stress and Reproductive Timing*. 
Melissa Schultz received a grant of $74,099 for a collaborative grant from the National Science Foundation: “COLL, RUI: Assessing Load Reduction and Biological Recovery After 500 MGD Treatment Upgrades in an Effluent-Dominated Aquatic Ecosystem” Melissa M. Schultz (PI), Dalma Martinovic-Wiegelt (PI, U of St. Thomas), Heiko Schoenfuss (PI, St. Cloud State U). Dates: January 2014 – December 2016.

Megan Wereley and Alison Schmidt and the College of Wooster Department of Education, along with the Wooster City School District, received a $200,000 grant from the Ohio Department of Education for the Early Literacy and Reading Readiness Partnership program. Wooster students designed and wrote the curricula that will be used for this program next year and they will be actively involved in the grant implementation and the supporting research on value-added gains.
